What to expect as a student at South Coast Careers College / Adult Ed

At the College we pride ourselves at providing a friendly, yet professional organisation where students are treated with respect and are encouraged to progress beyond their initial expectations. Our friendly team are ready and able to assist you with any queries you may have about the course in which you wish to enrol.

What happens at enrolment?

Unique Student Identifier (USI)

From 1 January 2015, all individuals who participate in accredited vocational education training will require a USI. A Unique Student Identifier (USI) is a reference number made up of numbers and letters that give students access to their USI account. A USI will allow an individual's USI account to be linked to the National Vocational Education and Training (VET) Data Collection allowing an individual to see all of their training results from all providers including all completed training units and qualifications. For further information about the USI please visit www.usi.gov.au

Course Enrolment

The administration staff will collect your details; this will include the completion of an enrolment form and provision of your USI. If you do not have a USI, the college will assist you through the process enabling you to create your own USI. Within the enrolment form you are asked if there may be anything that you feel may affect your learning, such as reading and writing concerns. If this is identified or you simply wish to improve your language, literacy, and numeracy, the administration staff will make an appointment for you to see the Student Support Officer.

The Student Support Officer (SSO) will discuss with you your needs and any potential barriers to successful completion of your desired learning activity. The SSO in consultation with the individual will develop a plan whereby barriers may be managed or removed. This may include a range of

structures to develop you for your language, literacy, and numeracy level and advise you of what to do next. This may include deciding what course is best for you or what you need to do before entering a selected course. This assessment takes about 30 to 60 minutes depending on individual needs.

What happens at the beginning of my course?

On the first day of your course, your trainer will provide you with detailed information about the content of the course, the course outline and information about assessment. Your trainer will also give you advice about pathways – for example, the type of work you might seek with your new skills or further education or training opportunities available to you.

How do I submit work?

Your trainer will advise you at the beginning and during the course on how to submit your work to the trainer. This may include giving your completed work directly to your trainer in the classroom, posted to our college or emailed. If your work is to be posted or emailed, your trainer will give you a coversheet to ensure correct identification of your work and that it goes to the right trainer.

How do I get my certificate?

On successful completion of your course and all associated assessment work, your Certificate or Statement of Attainment will be posted to you. Please ensure we have your current postal address. If you require a copy of your certificate at a later date or a transcript at a progression point, a fee of \$20.00 is applicable.

What about my records?

The College recognises its responsibility to provide secure storage of student records. The College has safe on and off site storage of records in accordance with AQTF Standards. We have a Privacy Policy to protect all student information. Student Support - What if I need extra help?

We endeavour to provide access to courses for adults (persons over 17 years of age) regardless of gender, national or ethnic background, physical or intellectual impairment, religious affiliation or age. We will make all efforts within our capability to provide fee concessions to those who are eligible. We will assist a student with any specific learning need to access an appropriate program. Some assisted learning takes place in regular College courses through consultation with the student, trainer and VET Manager. If you need some extra help please contact the Vocational Education & Training (VET) Manager.

What about assessment?

All accredited courses at the College involve assessment processes. Assessments serve the purpose of allowing participants to provide evidence of their skills and abilities against the competencies of the course or qualification.

During the first lesson of your course, your trainer will advise you of the assessments required for your course.

In keeping with the requirements of competency based training, assessments conducted by our organisation demonstrate compliance with the four key assessment principles of validity, reliability, flexibility and fairness.

Persons who conduct assessments for accredited courses and competencies in Training Packages have the appropriate assessor credentials.

Participants who do not achieve competency at the first assessment attempt will have further reasonable opportunities to achieve competency.

Students who do not wish to be assessed are able to sign a declaration. However if through the course you become more confident and wish to be assessed your trainer is able to assist.

Students are given the opportunity to re-sit for assessments should they not be successful at the first attempt.

Recognition of Prior Learning – RPL

RPL is the process whereby past work or life experience may be recognised as satisfying some or all competencies of a course or qualification.

The College will provide advice and assessment of current competencies on an individual needs basis. If you would like to apply for recognition of prior learning, please make an appointment to speak to the VET Manager at least 2 weeks prior to your chosen course commencing.

Mutual Recognition

The College recognises the Qualifications and Statements of Attainment issued by other Registered Training Organisations in accordance with the requirements of the Australian Quality Training Framework (AQTF) Essential Standards. Any student seeking recognition should contact the VET Manager at least 2 weeks prior to your chosen course commencing.

What if I don't agree with my assessment results?

If you disagree with an assessment decision you should address the matter with your VET Manager who will conduct a review of the assessment process. If the VET Manager feels you have a case for review a suitably qualified independent person will be employed to conduct another assessment. If the VET Manager does not believe there is a case for review, you will be notified of the decision and provided with a copy of the Centre's Appeals Policy. Students are welcome to nominate a third party to be present at all meetings with trainer and Managers to act as their advocate.

The Office Manager must then investigate the grievance, document action taken in order to resolve the dispute and review the effectiveness of those actions to ensure that the grievance is effectively resolved.

If this outcome is not achievable and a grievance or dispute still exists, the Chairperson of the Board Management Committee and another party not previously involved in the grievance will review the case. The appellant and the Chairperson will mutually agree the independent person. This panel will provide a report in writing to the aggrieved party. This documentation is to be held as part of the College's Records Management System.
